PROFESSIONAL SUMMARY

Senior AI Engineer with **4.5+ years of professional experience** designing and delivering production-grade AI, Machine Learning, and Generative AI solutions. Over a **7-year journey in AI**, I have built **LLM applications**, **Agentic AI workflows**, **RAG systems**, **NLP solutions**, and **cloud-native AI platforms** across e-commerce, healthcare, life sciences, and supply-chain domains. Experienced in **Python**, **FastAPI**, **OpenAI**, **LangGraph**, **AWS**, and modern **AI-assisted development tools** to build scalable, reliable, and business-focused AI products.

TECHNICAL SKILLS

Generative AI & LLMs: OpenAI (GPT-4, Codex), Anthropic, Gemini, LangChain, LangGraph, Agentic Workflows, Prompt Engineering, HuggingFace

Vector Databases: Milvus, Qdrant

Programming & Frameworks: Python, FastAPI, Flask, React, TypeScript, SQL, Statistics

Machine Learning & NLP: XGBoost, Scikit-Learn, NLTK, SpaCy, Topic Modelling, Pandas, NumPy

Cloud & Infrastructure: AWS (ECS, OpenSearch, Lambda, SageMaker, S3, DynamoDB, API Gateway), Docker

Developer & AI Coding Tools: Cursor, GitHub Copilot, Claude Code, Postman, Git

Data Visualization: Seaborn, Tableau, Matplotlib, Plotly

PROFESSIONAL EXPERIENCE

Senior Data Scientist | AIThinkers
06/2025 – Present

- AI SEO Content Platform (**Virginia Tile**): Engineered an AI-powered SEO content platform using **Python**, **FastAPI**, and **React/TypeScript** to generate and manage product descriptions and FAQs at scale; integrated **OpenAI** for content generation and **Gemini** for quality scoring (AI-detection, plagiarism, readability), processing **26k+ products** deployed on **AWS**.
- Clinical Trials Data Pipeline (**Decentrialz**): Designed and built a scalable **AWS** data pipeline to ingest and process **ClinicalTrials.gov** datasets using **API Gateway**, **Lambda**, **ECS/Fargate**, **S3**, **DynamoDB**, and **OpenSearch**; implemented AI-assisted condition normalization, therapeutic classification, and eligibility extraction.

AI Engineer | Klizer (DCKAP)
05/2024 – 05/2025

- AI Demand Forecasting Platform (**Marysville Marine**): Built an end-to-end AI demand forecasting system predicting demand for **1000+ SKUs** using 5+ years of sales data; developed **XGBoost** models on **AWS SageMaker**, improving forecast accuracy by **10–15%**.
- Built **Airbyte ETL** pipelines integrating ERP (**Prophet21**) and Magento into **PostgreSQL**; exposed inventory KPIs via **FastAPI** APIs and built an **OpenAI**-powered chatbot for supply-chain insights.

Senior Software Engineer | Techno Exponent
05/2023 – 04/2024

- Sanskrit Teaching Platform (**Aanantya**): Engineered an AI-powered Sanskrit tutoring chatbot leveraging the **OpenAI API** and **Python**, enabling conversational learning across **15+ languages** and boosting user engagement and global accessibility.

Independent AI Consultant — Freelance AI Consulting & Health Recovery
11/2022 – 04/2023

- Delivered freelance **AI consulting** services to clients while recovering from **COVID-19**-related health issues and personal medical hardships.
- Conducted deep-dive self-directed research into emerging **LLM architectures**, **prompt engineering**, and vector database indexing to stay current with fast-evolving AI tooling.

Data Scientist | Shyena Tech Yarns Pvt Ltd
08/2021 – 10/2022

- Developed an **Alexa skill** for the shipping industry that accurately interpreted voice commands to deliver container freight rates using **NLP** and machine learning algorithms.
- Increased user engagement by **25% in 3 months** utilizing **Alexa Skill Kit** and customized **NLP models**.

AI Upskilling, Independent Projects & COVID-19 Hardship Period
06/2019 – 08/2021

- Executed intensive self-directed learning in advanced **Machine Learning**, **Data Science**, and **NLP algorithms** following graduation.
- Developed hands-on personal projects while navigating health and industry disruptions during the **COVID-19 pandemic**.

EDUCATION

Bachelor of Engineering — Savitribai Phule Pune University, Pune
06/2015 – 06/2019 | CGPA: 7.15/10 (First Class)

CERTIFICATIONS & LANGUAGES

Certifications: Tableau Desktop Professional

Languages: English, Hindi, Marathi (Full Professional Proficiency)
